
School that fits your child and your family
Full time online school for kids **aged 4–15**

Learning that supports real growth

Your child learns in small, live classes where teachers know them by name and notice how they learn. Lessons are interactive, discussion based, and designed to keep kids engaged, curious, and confident.

Your child learns alongside classmates from around the world, building global awareness and communication skills from an early age.

Your child's learning experience

8–12 students per class, year-round learning

Live lessons Monday to Friday, 9:00 AM to 2:00 PM

Teachers with postgraduate degrees specializing in international education

Adventure-based learning that nurtures curiosity and problem-solving

40+ choices for extracurricular clubs to extend interests and friendships

Learn alongside peers from 50+ countries, with school days in 4 time zones: SGT, CET, ET, PT

Accredited learning for your child

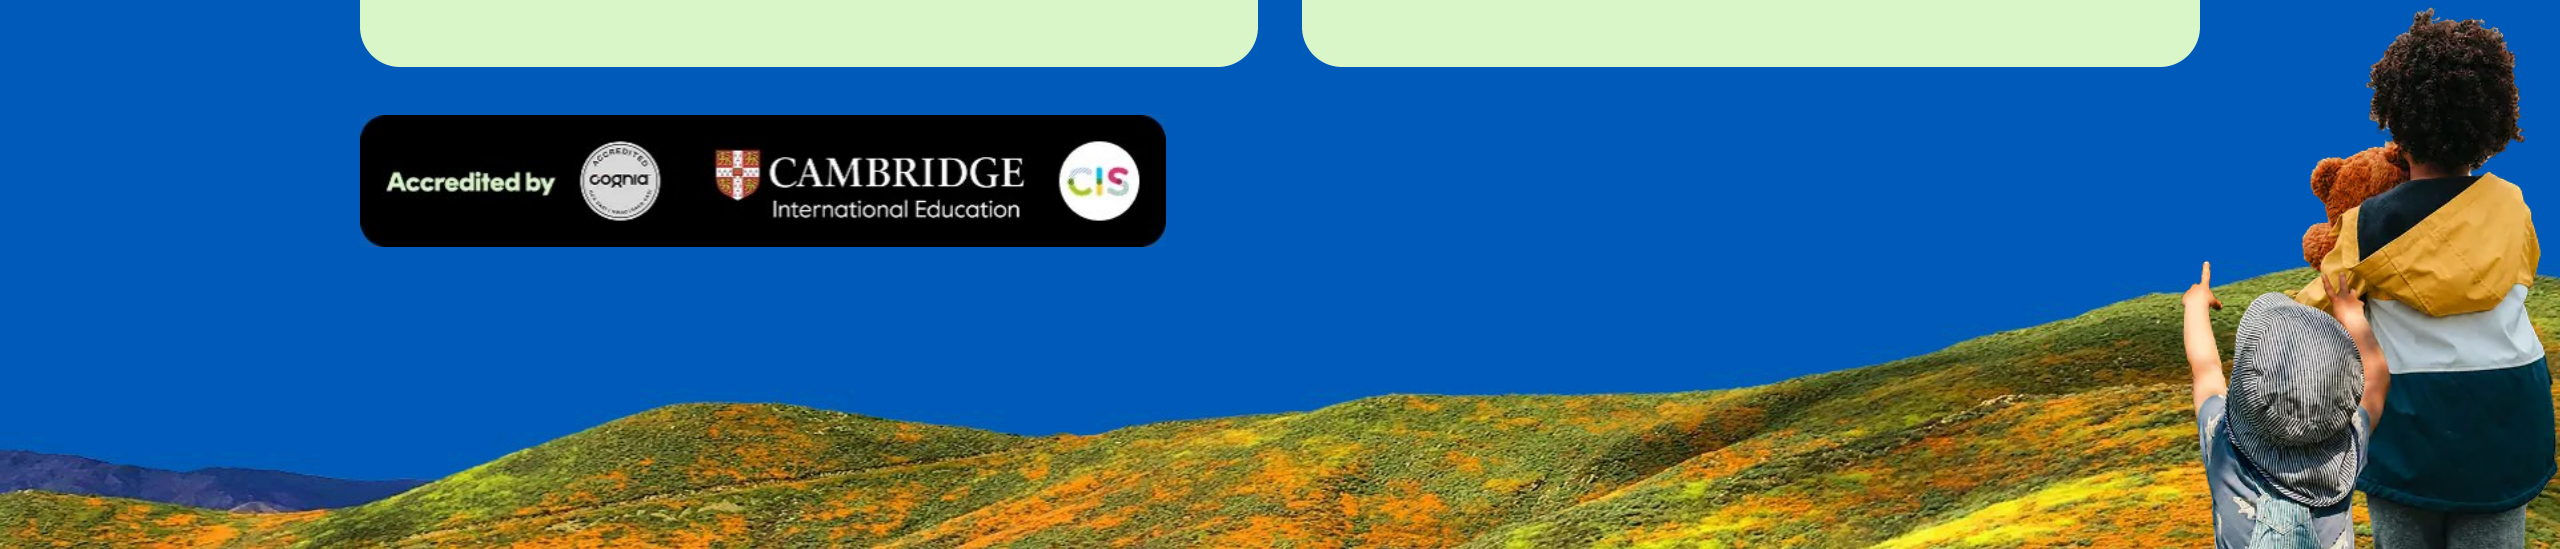

Internationally recognized, accredited education through Cambridge and Cognia

Continuity and stability if your family relocates or changes schools

Trusted global standards that support and protect your child's progress

Confidence that your child's learning is recognized, trusted, and valued worldwide

Accredited by

A curriculum designed for your child

Mathematics

Cambridge-aligned rigor, starting early. They won't just get the right answer. They'll understand why it works and explain how they got there.

Science

Curiosity, backed by theory. Hands-on experiments with real tools build deep understanding of how the world works.

Literacy

Readers who think, writers who persuade. Fluency, comprehension and strong writing, with clear checkpoints to track progress.

Social Studies

With the world as their classroom, they discover how places, people and ideas shape one another.

Social Emotional Learning and Life Skills

Strong inside and out. Emotional awareness, resilience, cooperation and healthy habits for life.

Computing, Tech, Arts and Design

Makers, not just users. Creativity and tech skills lay foundations for future passions.

Standards

The best of the US, UK and Australia. For every subject, the strongest standard at the earliest possible age.

Every child learns differently.
At bina, we celebrate that

Your child deserves an education that adapts to them, not the other way around.

At bina, we intentionally designed our model to support a wide range of learning needs, attention profiles, and neurodivergent ways of thinking. Our teachers use visuals, movement, hands-on activities, discussion, storytelling, and digital tools so your child can learn in the way that makes the most sense to their brain.

Your child's teachers are trained to recognize diverse learning profiles, support executive functioning, and adjust teaching to their needs.

Admissions process

1.

Let's chat

Schedule a free consultation with our admissions team to share your goals and learn how bina can meet your family's needs.

2.

bina adventure

Your child is invited to a complimentary, nature-themed educational session designed to explore their interests and skills.

3.

Final enrollment chat

An opportunity to run through any final questions you may have with our team.

4.

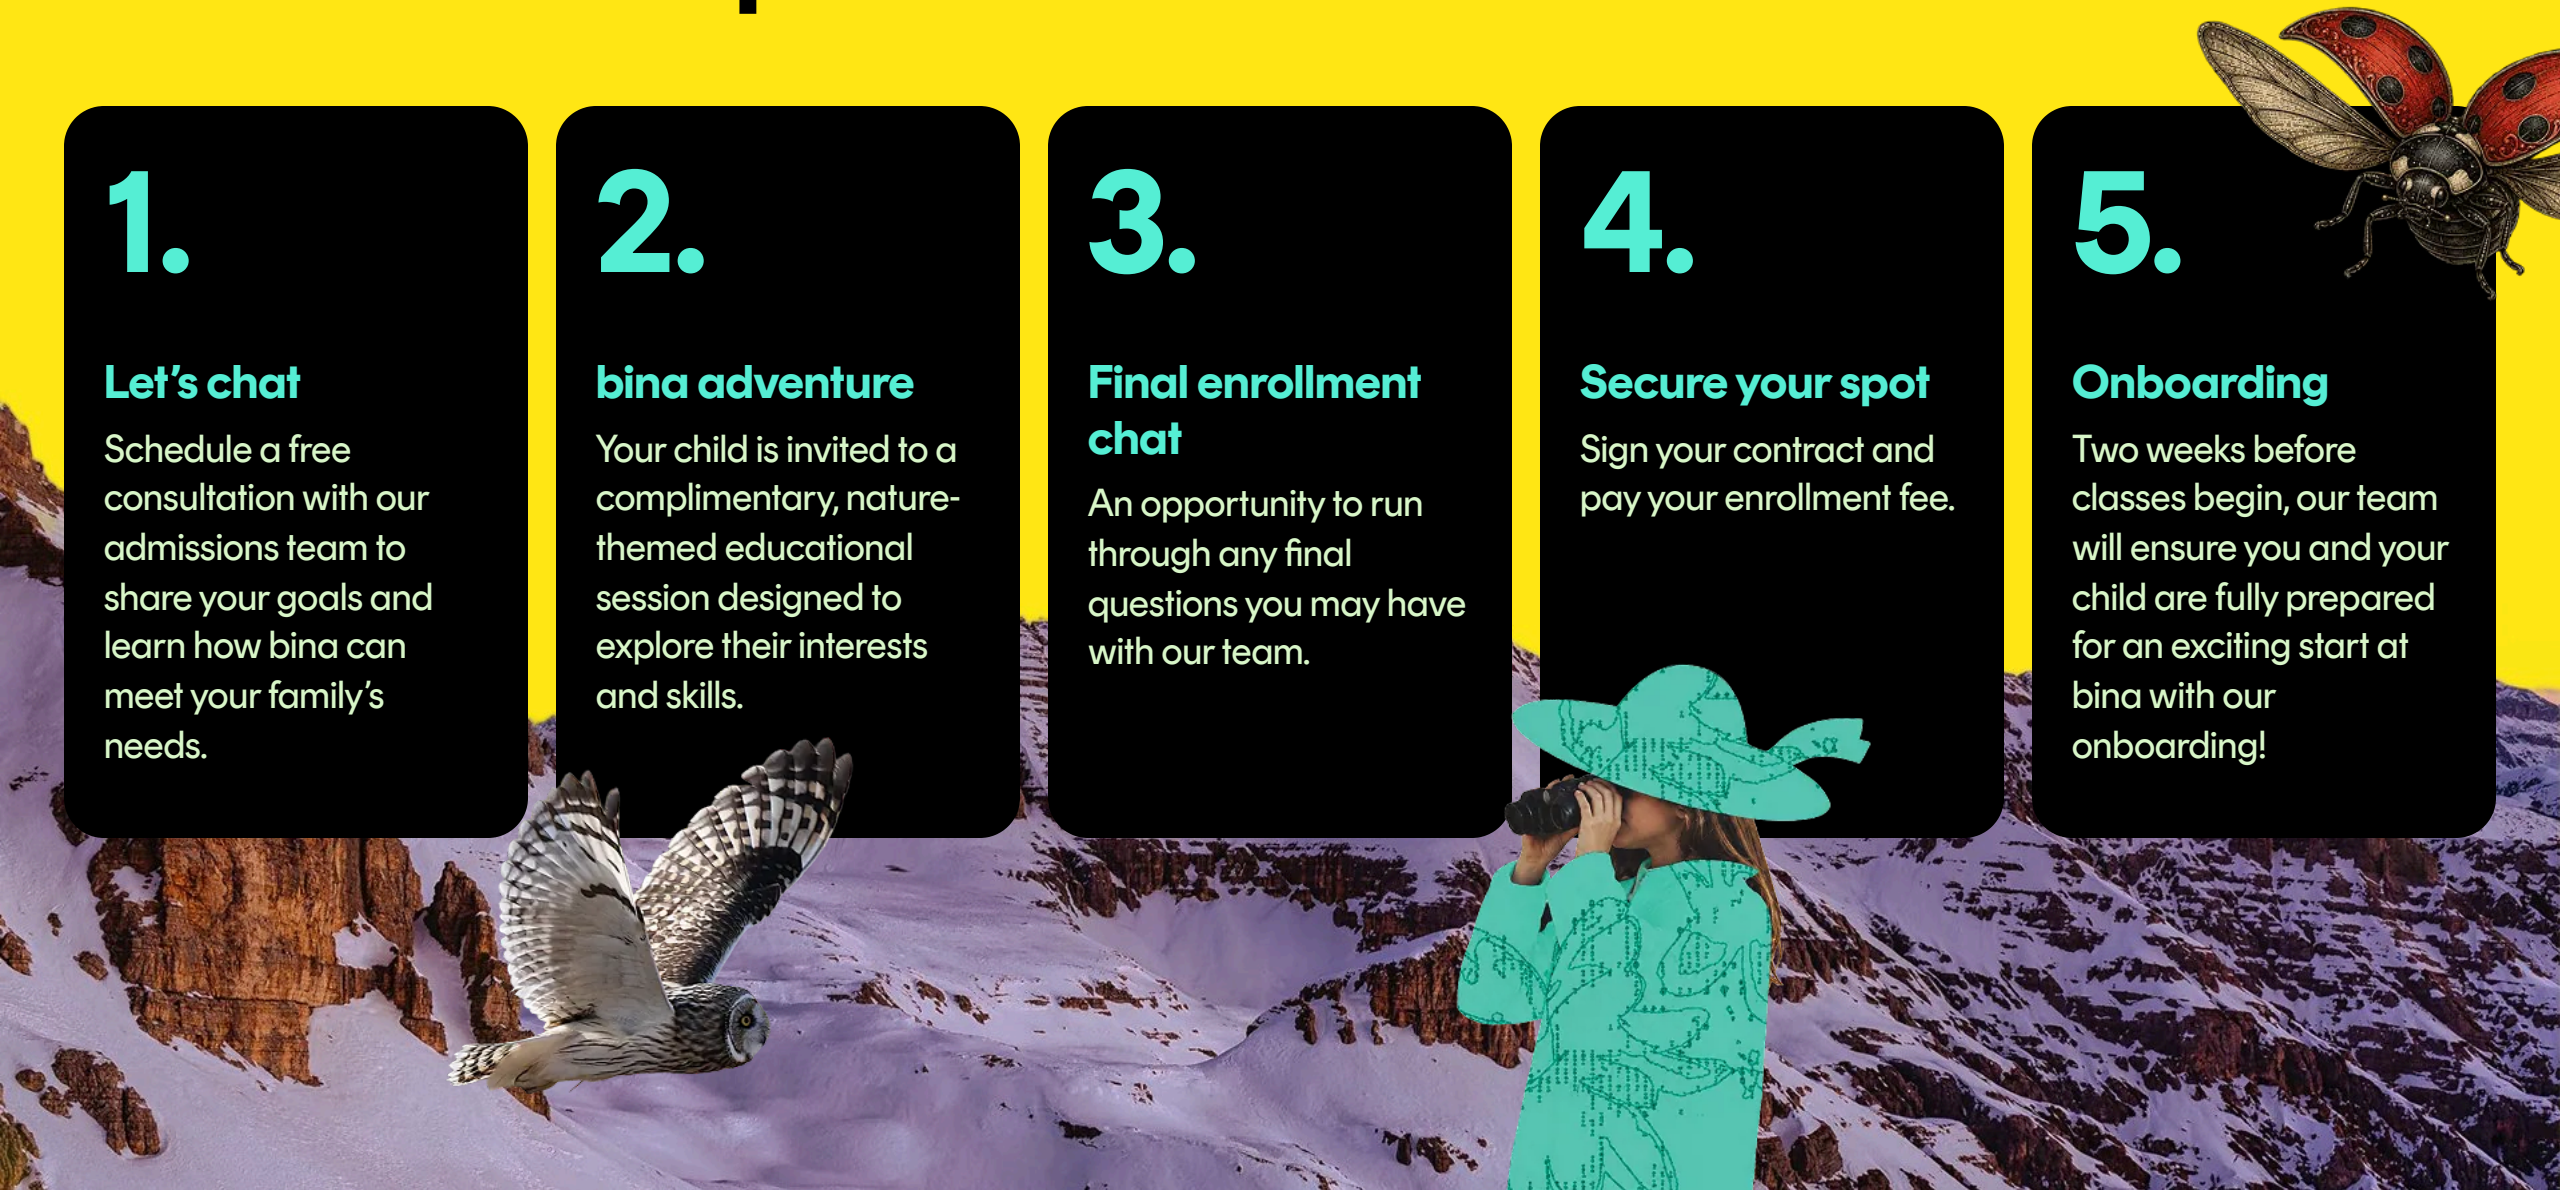

Secure your spot

Sign your contract and pay your enrollment fee.

5.

Onboarding

Two weeks before classes begin, our team will ensure you and your child are fully prepared for an exciting start at bina with our onboarding!

Flexible tuition plans

Families with multiple children get a $1,500 sibling discount for each additional student.

Quarterly Plan

$2,895

/quarterly price

Once a season,
4 times a year.

Annual Plan

$10,769

/annual price

Enjoy a **7% discount** when you pay upfront for the year!

What parents say

★★★★★ **Parent | Niche, January 2025**

We couldn't be happier with our experience at bina school! The teachers are incredibly caring, attentive, and dedicated to each child's growth and success. The curriculum is thoughtfully designed to nurture a love for learning while fostering creativity and confidence. My child looks forward to attending school daily and is excited to share everything they've learned. The warm, supportive community and emphasis on individual development truly set bina apart. We're so grateful to be part of this amazing school!

★★★★★ **Parent | Trustpilot, May 2024**

My 4th grader finally loves going to school!
We've tried a number of different learning/schooling methods. None of them came as close as bina to checking off all the boxes. My daughter loves school, and her teacher and is excited to get up each morning for class. No more asking to skip school!

★★★★★ **Parent | Niche, July 2024**

bina has been a total game changer for us. Our 4 year old daughter loves it, and she's learning so much. The teachers are amazing, and the schedule is thoughtfully designed to incorporate lots of screen breaks and movement / activities. bina allows us to continue travelling without worrying about interrupting our daughter's education. It gives us flexibility, while providing our daughter with stability and consistency. Highly recommend!
